Mr. Coffee DRX5 Shower Head Replacement

This guide will show you how to remove the shower head, which dispenses the water from the reservoir through the filter basket.

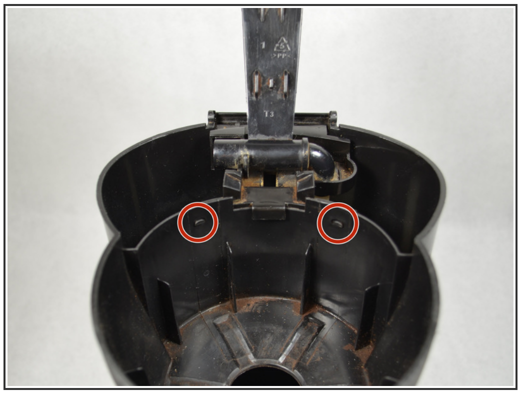

Written By: James Patterson

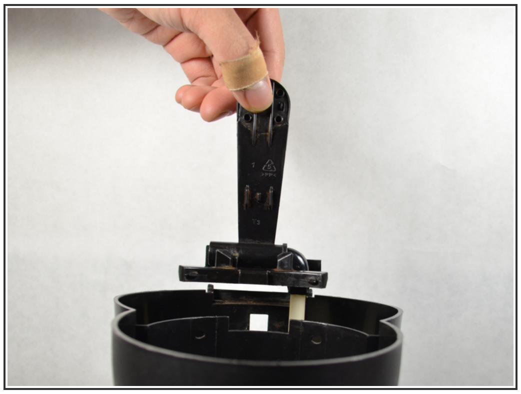

INTRODUCTION

In order to begin removing the shower head, you must first remove the dual water window so it does not get in the way.

Step 1 — Shower Head

- Push in on two plastic tabs in front and the tab in back.
- Pull up

Step 2

- Slide shower head from tube connected.

To reassemble your device, follow these instructions in reverse order.
